Atlanta, Georgia 30022

**RE: FC- 7619-03F, Annual Contract for Architectural and Engineering
Services, Renewal Year 1**

Dear Mr. Wall:

The City of Atlanta (COA) is under Consent Decree to eliminate sewer spills and restore the structural integrity of its sewer system. To meet the terms of the Consent Decree, the COA, through the Department of Watershed Management (DWM), will conduct a Sewer System Evaluation Survey (SSES) of the entire sewer system. In addition the COA will rehabilitate (Rehab) the sewer system as necessary to reduce inflow/infiltration and restore its structural integrity. According to the Consent Decree, the SSES along with the required Rehab of the sewer system must be completed by 2014. The Mayor has set a target of 2012 to complete the SSES/Rehab of the sewer system.

The COA has nearly 1600 miles of sewer lines. It is projected that 40% of these sewer lines require Rehab. To date an SSES has been completed on over 45% of the system. Of the Rehab projected over 28% has been completed. To complete the remaining SSES/Rehab requires the development and execution of over 70 SSES/Rehab contracts. These contracts will include SSES/Rehab work across the entire City. To minimize the impact to the community the Rehab contracts to the greatest extent possible will employ trenchless technologies like lining and pipe-bursting. Of course, some open-cut will be required but again the objective is to Rehab the system with minimal disruption.

The COA has established an SSES/Rehab Construction Management Team (CMT) to manage the 70+ contracts using an area management approach. There will be 4 areas active initially. Activities in the 4 areas will be coordinated from a central office to ensure consistency in performance and reporting; and, optimization of personnel and other resources. Each area will have a core staff including an area manager, administrative support person, public information manager, project controls manager and a utilities coordinator. In addition each area will have contract managers and inspectors for each area specific contract. Many of the positions on the CMT have been filled with DWM staff. However, to fully administer and implement the SSES/Rehab Construction Management Program (CMP), the DWM needs supplemental staff for managing its SSES/Rehab contracts.

In accordance with the terms of the contract referenced above, we have developed an estimated scope of services and fee schedule for supplementing DWM staff through your contract. (See attached form A.)

These estimates are based on an assessment of services required for the SSES/Rehab CMP for construction contracts anticipated through the end of the first renewal year of your contract. Should your contract have a second renewal, it is anticipated that these service will continue under a new task order. The same would apply should there be a third renewal.

Assignments will be scheduled and administered by the DWM over the duration of the program. A Notice to Proceed will be issued to authorize commencement of the work following legislative approval of the task order scope of work. All staff provided are required to work in close coordination with the CMT. They will be assigned to an Area and will be located in that Area in a trailer to be provided by the City.

Payment for services (subject to Engineer approval) will be made through a City fund account designated for the SSES/Rehab CMP.

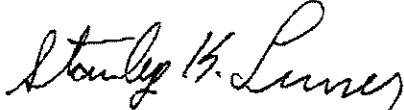

If you accept the proposed work assignment (scope), please respond with a letter indicating that you accept the assignment as shown in Form A and attach Form A to the letter. Also, include no more than three (3) resumes for potential candidates who meet the minimum qualifications for each staff position indicated in Form A. (Refer to enclosed list of qualifications pertaining to proposed staff position(s) assignment.) Submit the letter, Form A, and resumes in one package to me at the address below no later than Friday, November 3, 2006:

Mr. Stanley Turner
City of Atlanta / Dept. of Watershed Management
230 Peachtree Street
Suite 500
Atlanta, GA 30303

Upon receipt of the submittal package, we will contact you to set up an interview schedule for the candidates proposed for each staff position. Please call me at (404) 979-6999 if you have any questions. We look forward to your response.

Regards,

CITY OF ATLANTA
